

SCHOOL OF HEALTH ADMINISTRATION

Encino Hall Room 250
T: 512.245.3494 F: 512.245.8712
<http://www.health.txstate.edu/HA>

Welcome to the School of Health Administration, which has steadily over the last 20 years assembled one of the best Health Administration (HA) faculties in the nation. The HA faculty have both educational preparation and the real-world experience necessary to maintain credibility with both students and employers of our students. The school boasts five faculty with the rank of professor teaching in HA, and nine faculty certified by the American College of Healthcare Executives at the highest level of Fellow. In addition, we have two faculty members certified at the highest level of Fellow in the Healthcare Financial Management Association.

Immunization Requirements

It is the policy of the College of Health Professions that each student must provide a health report completed by a health care provider and must take specific immunizations before the student can be placed in field placement. Information on these requirements and the required forms may be obtained through the program/department/school office.

Background Check and Drug Screening

As a condition for placement in all professional practice sites, students are required to have a background check and/or drug screening to meet requirements set by individual sites. Information on the drug screening process will be provided by program/department/school. Previous misdemeanor or felony convictions under various titles of the Texas Penal Code will affect eligibility for placement in field experience.

Master of Healthcare Administration (M.H.A.)

- Major in Healthcare Administration (Non-thesis Option) (<http://mycatalog.txstate.edu/graduate/health-professions/administration/mha>)
