Immunization Requirements

It is the policy of the College of Health Professions that each student must provide a Health Report completed by a physician, and must take specific immunizations before the student can be placed in a clinical or internship assignment. Information on these requirements and the required forms may be obtained through the program/department/school office.

Background Check and Drug Screening

As a condition for placement in some professional practice sites, students are required to have a background check and/or drug screening to meet requirements set by individual sites. Information on the drug screening process will be provided by program/department/school.

Previous misdemeanor or felony convictions under various titles of the Texas Penal Code may affect eligibility for practitioner license status following graduation.
