
Welcome to the most beautiful campus in Texas.

Located in San Marcos, Texas State University's campus climbs up the Balcones escarpment to the Hill Country. It's a setting that is unique among Texas universities, enhanced even further by the beauty of the crystal clear San Marcos River (<https://www.flickr.com/photos/txstateu/sets/72157661036133102>) and many large oak, (<http://www.facilities.txstate.edu/grounds/trees.html>) cypress and pecan trees (<http://www.facilities.txstate.edu/grounds/trees.html>). Some are the largest in the state. Although the metropolitan centers of Austin and San Antonio are nearby, San Marcos has managed to retain the charm of a smaller community. Texas State, despite its nearly 39,000 students, still has kept a friendly small campus atmosphere. But it is a place where faculty and students take the processes of teaching and learning seriously.
