Texas State University’s legacy as a normal school founded in 1899
with a mission dedicated to preparing new teachers remains with us
today in the College of Education’s commitment to the highest quality
educator and professional preparation across many fields. Our flagship
teacher education program prepares aspiring teachers for certification in
elementary middle school, secondary, bilingual, and special education.
Our highly regarded and exceptional health and human performance
programs offer degrees in exercise and sports science, public health,
and recreation administration, as well as minors in exercise and sports
science, coaching, public health, and recreation administration. The
college also offers an undergraduate Introduction to Counseling and
Psychotherapy course.

The College of Education Undergraduate Advising Center is a student-
centered, collaborative resource for students seeking an undergraduate
degree through the College of Education. As an integral part of teaching
and learning at Texas State, academic advisors in the Undergraduate
Advising Center cultivate student success by engaging students in
educational planning to promote academic, personal, and professional
development while considering diverse interests, abilities, and goals.
Services available for students include, but are not limited to:

・ assistance with selection of educational programs;
・ interpretation of policies and procedures;
・ information on course sequencing and degree requirements;
・ referral to other university resources; and
・ verification of graduation requirements.

Ultimately, the academic advisors in the College of Education Advising
Center strive to develop a guidance and support system to encourage
student self-reliance, responsibility, and success in achieving academic
goals.

Students who wish to teach Early Childhood (EC) through Grade 6
(elementary with specializations in either English as a Second Language
or Bilingual Education), Grades 4-8 (middle school), or All-Level Special
Education pursue the Bachelor of Science major in Education. Students
may acquire an All-level certificate to teach Physical Education in the
Department of Health and Human Performance within the College of
Education. Students seeking 6, 7, or 8-12 (Grade Six, Seven, or Eight
through Grade Twelve) certification or All-level certification in other
disciplines will instead complete an academic major within their chosen
Teaching field in the department and college where that major is housed.
Students should note that teacher certification requirements may differ
from degree requirements and that completion of both is necessary for
awarding a degree and recommending a student for teacher certification.
In order to pursue teacher certification, students must apply and be
admitted into the Educator Preparation Program through the Office of
Educator Preparation (http://mycatalog.txstate.edu/undergraduate/
education/office-of-educator-preparation/).
