Recreation Studies
The Bachelor of Science in Recreation Studies combines classroom learning, field-based learning and on-the-job training in two career tracks: recreation administration and therapeutic recreation. Students study recreation programming, leadership, marketing, evaluation, administration, and therapeutic recreation. Recreation Studies graduates work in camps, nursing homes, recreation centers, resorts, hospitals, rehabilitation facilities, fitness centers, and state and national parks. The program is nationally accredited by the Council on Accreditation, Parks, Recreation, Tourism and Related Professions (COAPRT) in both recreation studies and therapeutic recreation. Graduates of this program are eligible to sit for certification examinations for National Council for Therapeutic Recreation Certification (Certified Therapeutic Recreation Specialist - CTRS) and/or the National Recreation and Park Association (Certified Park and Recreation Professional - CPRP).

PFW Service Courses
Several Texas State degree programs require Physical Fitness and Wellness (PFW) classes to give students knowledge, skills, and health-related benefits of physical activity. All students may elect to take PFW classes to learn new skills/activities, relieve stress, maintain health, and meet others with similar activity interests. Most students may elect to take PFW 1301 (Behavioral and Social Dimensions of Physical Activity and Wellness) to satisfy their general education requirement in social and behavioral sciences. The PFW program provides a wide variety of activity classes that include sports, games, indoor or outdoor activities both on and off campus. PFW classes are for students of all ages, skill ranges, and abilities. Some PFW classes, however, are restricted to students who are involved in athletics, band, ROTC, and other organizations. Some off-campus classes have an additional activity fee appropriate for the instructor and facilities used. Contact the Director of the PFW Division if you have any questions about PFW classes.
