

To be eligible for the Dean's List at the close of any fall or spring semester, an undergraduate student must have earned a minimum Grade Point Average of 3.5 in that semester on at least 12 credit hours. Hours and grades earned through Texas State correspondence, testing and developmental courses are not counted in the hours required to be eligible for Dean's List nor in the GPA calculation for Dean's List. Extension courses and Graduate courses do count for Dean's List calculation.

Students earning a GPA of 3.40-3.59 will graduate *cum laude*; 3.6-3.79 will graduate *magna cum laude*; 3.8-4.0 will graduate *summa cum laude*.

Hours earned through Texas State correspondence courses and extension courses count toward GPA and academic hours eligibility. Hours earned through Texas State credit-by-examination, work/life experience and other courses that offer only "CR" (pass/fail) grades also count toward academic honors eligibility, but they do not count toward GPA. All coursework to count toward academic honor eligibility must be evaluated and graded by Texas State faculty.

Transfer students who have earned at least 48 semester hours at Texas State are eligible to graduate with academic honors if their Texas State GPA meets the above criteria. Students earning second baccalaureate degrees are eligible for graduation with academic honors if they complete 48 or more semester credit hours at Texas State, meeting the GPA criteria, in pursuit of a second degree. All coursework to count towards academic honors eligibility must be evaluated and graded by Texas State faculty.
