

# ACADEMIC SERVICES

---

The Academic Services offices, and units (Testing, Evaluation, and Measurement Center [TEMC], Academic Testing for Students with Disabilities [ATSD], and Student Learning Assistance Center [SLAC]) reporting to the office, provide supplementary, essential services to students, faculty, and administration at Texas State. Specifically, administration of specific credit and non-credit testing, institutional testing for students with disabilities, supplementary instruction and enhancement of student academic performance, and coordination of the undergraduate general education core curriculum are provided through Academic Services.
