Texas State's Student Learning Assistance Center (SLAC) provides a wide range of academic support programs for the needs of a diverse student population. Whether students are seeking help with course content, study skills, or test preparation, SLAC provides assistance with a walk-in tutoring lab, the Veteran Academic Success Center (VASC), Supplemental Instruction, Prelaw advising, campus presentations, and online services.

Texas State students can take advantage of tutoring services by visiting SLAC's learning lab. The Learning Lab provides academic assistance in business courses such as accounting, economics, and finance; sciences such as physics, biology, and chemistry; English and writing; statistics; computer information systems; history; philosophy; languages such as Spanish; and a number of math courses. In addition to the Learning Lab, SLAC also houses Texas State's Veteran Academic Success Center, a holistic veteran-to-veteran tutoring and mentoring initiative.

The Lab also contains study materials, handouts, and computer-assisted instructional software on a wide range of topics and levels, from correcting comma splices to preparing graduate school.

Students may also visit SLAC for assistance in preparing for the admissions tests for graduate (GRE), law (LSAT), and business (GMAT) schools.

Supplemental Instruction, a nontraditional approach to collaborative learning, provides structured group study for students in historically difficult courses ranging from the liberal arts to science and math-based courses. Supplemental Instruction Leaders (SI’s) act as role models and facilitate multiple study sessions per week in order to assist students, not only with course content, but also with the development of positive study skills and habits.

SLAC staff members continually foster outreach in the campus community by providing informational and interactive presentations on test-taking and anxiety management, learning preference, time management, note-taking, and other topics. Upon request, SLAC’s staff will design specialized programs on study skills and academic improvement to fit the needs of a campus club, organization, or professor. In addition, SLAC works to facilitate the College Note-Taking session of BOBCAT Preview by showing incoming freshmen proper techniques and giving tips for successfully negotiating a college lecture.

SLAC also provides Texas State students with a number of online resources. By visiting www.txstate.edu/slac (http://www.txstate.edu/slac/), students can access tutoring schedules and hours for the Learning and VASC, the times and locations of Supplemental Instruction sessions, information regarding becoming a lab tutor or SI Leader, content area handouts, and test preparation materials. SLAC also maintains an Online Writing Lab (OWL), providing tutoring in an electronic format accessible via email.

While all of SLAC services are available to students at the Round Rock campus, RRHEC students may wish to visit www.txstate.edu/slac/rrcampus.html for available updates or additional options and services.
