The Testing, Evaluation, and Measurement Center (TEMC) is dedicated to supporting students, faculty, and the local community with academic and career advancement testing and evaluation related needs. TEMC offices include Testing Lab Services, Academic Testing for Students with Disabilities (ATSD), Testing Center Round Rock (TCRR), and Scanning Services for faculty. The TEMC offers a variety of academic tests, including those listed below. Online proctoring options are available for select test offerings. Please visit our website for additional information.

1. TSIA Assessment (Texas Success Initiative Assessment)
2. TExES (Texas Examination of Educator Standards)
3. GED (General Education Development)
4. ATI TEAS (Assessment Technologies Institute Test of Essential Academic Skills)
5. CLEP (College Level Examination Program)
6. ACTFL-OPI (American Council on the Teaching of Foreign Languages - Oral Proficiency Interview)
7. NOCTI (National Occupational Competency Testing Institute) Exam
8. Departmental Examinations-for-Credit
9. Proctored Exams for other institutions
10. TCEQ (Texas Commission on Environmental Quality) Occupational Licensing Exams
11. TCFP (Texas Commission on Fire Protection) Exams
12. Measure Learning exams
13. Pearson VUE certification and licensure exams

Credit-by-Examination

Credit may be earned by achieving a sufficient score (as determined by the relevant academic department of Texas State University) on any of several exams and then submitting official score reports to the TEMC. More detailed information on this and other TEMC programs are available at the TEMC website, www.txst.edu/temc/ (<https://www.txst.edu/temc/>).

Sufficient scores on the following examinations may be applied for credit:

1. CLEP (College Level Examination Program),
2. ACTFL-OPI (American Council on the Teaching of Foreign Languages - Oral Proficiency Interview)
3. AP (College Board Advanced Placement Examination Program),
4. IB (International Baccalaureate Program),
5. Certain established departmental examinations (administered by TEMC or by the relevant academic department)

Credit established in this manner through the TEMC will be recorded as "credit only" (CR) on the transcript and will not affect the GPA, with the exception of certain CLEP scores. Texas State University recognizes superior scores for CLEP exams in French, German, and Spanish language by awarding letter grades of A or B according to the Credit & Grade Awarding Table (<https://www.txst.edu/temc/services/testing->

[lab-services/exams-for-credit/clep/clep-mdl-grades.html](https://www.txst.edu/temc/services/testing-lab-services/exams-for-credit/clep/clep-mdl-grades.html)) (<https://www.txst.edu/temc/services/testing-lab-services/exams-for-credit/clep/clep-mdl-grades.html>). Letter grades for the French, German, and Spanish language CLEP exams are optional, and may be recorded as CR at the student's request. Credit earned by exam satisfies degree requirements in the same way as credit earned by passing courses except that it does not count as credit earned in residence.

Academic Testing for Students with Disabilities

Academic Testing for Students with Disabilities (ATSD) is the office within TEMC that provides academic testing services (course exams and quizzes) for students who are currently registered with and approved by the Office of Disability Services (ODS) to receive accommodations when testing. Some examples of testing accommodations provided by ATSD include extended time, reduced distraction environment, and use of a reader and/or scribe.

Note that before a student can schedule tests at ATSD, the need for testing accommodations must be approved by ODS, and only those accommodations designated by ODS will be provided. ATSD works closely with ODS and the other TEMC offices to provide the most secure, up-to-date, and reduced-distraction testing environment possible to all students registered with ODS.
