Texas State University offers general admission programs for first-time freshman, transfer, and international students. Admission standards are designed to ensure that admitted students are prepared to meet the academic challenges at Texas State.

Students and their guests are invited to visit campus any day the university is open. Drop-in visitors are welcome but it is recommended that all visitors reserve a tour by means of our online reservation system (<http://www.admissions.txstate.edu/visit/campus-tours.html>) or phone call a few days in advance. Campus tours are available Monday through Friday when classes are in session. Although university offices are closed on weekends, the Welcome Center is open on a limited basis on weekends during the fall and spring semesters (twice each long semester). The Welcome Center is located in the LBJ Student Center 3rd floor. Convenient parking is available at the adjacent Student Center Parking Garage.

Bobcat Days are Texas State University's premier visitation event for prospective students and their families. The event takes place twice in the fall and the spring on Saturdays. Guests can visit campus to learn more about academic programs, support services, admissions procedures, housing options as well as financial aid and scholarships opportunities. Visit the admission web site for Bobcat Days (<http://www.admissions.txstate.edu/visit/bobcat-days.html>) dates, a schedule of activities and registration options.

For further information on available tour times or scheduling a visit, contact the Welcome Center (<http://www.admissions.txstate.edu/visit>) at 512.245.8871 or email welcomecenter@txstate.edu (#@txstate.edu).
