APPLICANTS FROM NON-RANKING SCHOOLS

Nontraditional Secondary Education: GED and Homeschool Applicants
In accordance with Senate Bill 1543 (SB1543), applicants for admission who present evidence of completion of a nontraditional secondary education without an official class rank will have a class rank assigned by Texas State. The class rank will be comparable to the average class rank of other applicants who have equivalent ACT or SAT scores. A nontraditional secondary education includes Homeschool and GED graduates. Texas State requires an official homeschool or GED transcript to demonstrate evidence of completion.

Non-Ranking Public and Private High Schools
Students from a non-ranking school who do not fall in to the non-traditional school definition will be assigned a rank. This rank, determined by the Office of Undergraduate Admissions, will be based on one’s academic rigor, grades in academic courses, GPA if available, and the profile of the High School.
