INTERNATIONAL ADMISSION

An international student is defined as anyone who is not a United States citizen. A permanent resident who has completed two or more years and graduated from a U.S. high school is required to meet the same admission requirements established for U.S. citizens.

Application Process

International students should complete the International Student Application (either ApplyTexas (https://www.applytexas.org/adappc/gen/c_start.WBX) or Coalition for College (http://www.coalitionforcollegeaccess.org/)). Students must submit the application and all academic credentials, including proof of English proficiency* by the Priority Date or Deadline (https://www.admissions.txstate.edu/future-students/priority_dates.html). A certified English translation must accompany the original academic records, if the originals are not in English. A non-refundable $90.00 (USD) application fee is required of all international applicants.

*Proof of English Proficiency
