MILITARY CREDIT

The Office of Undergraduate Admissions will review course work from educational experience obtained in the Armed Forces. In compliance with Texas Education Code 51.3042, eligible former members of the armed forces admitted as an undergraduate student or readmitted as an undergraduate student could be awarded course credit for all physical education courses Texas State requires for an undergraduate and for additional semester credit hours, not to exceed 12, that may be applied to satisfy any elective course requirements for the student’s degree program for courses outside the student’s major or minor if the student:

1. graduated from a public or private high school accredited by a generally recognized organization or from a high school operated by the United States Department of Defense; and
2. is an honorably discharged former member of the armed forces of the United States who completed at least two years of service in the armed forces or was discharged because of disability.

Two hours of physical education activity credit will be awarded by the Office of Undergraduate Admissions upon receipt of Form DD214 that verifies 2 Years of active military duty. The student must also submit an official high school transcript.

The Office of Undergraduate Admissions uses the “Guide to the Evaluation of Educational Experience in the Armed Services” for evaluating the course work. Other military course work may be considered for transfer credit. Acceptable forms of documentation that may be submitted include:

1. JST (Joint Services Transcript)
2. CCAF Transcript (Community College of the Air Force)
3. Form DD214 (Report of Separation)

Texas State grants credits for the lower and upper division baccalaureate category but does not award credit for vocational or graduate level work. Transfer credit is subject to approval by the student’s major department/school. ACE credit is only considered for military coursework.
