

---

In addition to freshman, transfer, returning (readmit) and international students, Texas State admits and enrolls students from additional admission categories. Applicants for admission from these categories must comply with modified application procedures and, in some cases, special (category-specific) admission requirements:

- Non-degree Seeking
- Early Admission
- Second Bachelor's
- Individual Review
- Special Talent

Visit the Office of Undergraduate Admissions website (<https://www.admissions.txst.edu/future-students/other-admission-types.html>) for details on each of these additional admission categories and how to apply/be considered for any of them.
