

Minimum required: 120 semester credit hours

General Requirements

- The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (<http://mycatalog.txstate.edu/undergraduate/general-education-core-curriculum/>) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.
- Students must complete a minimum of 36 advanced hours (3000 or 4000 level courses).
- Nine hours of writing intensive (WI) courses are required for graduation.
- Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.
- Students must select a minor from the approved list of Undergraduate Minors (<http://www.mycatalog.txstate.edu/undergraduate/minors/>). If minoring in HA, do not take HA 3347. Work with your advisor for an alternate course.
- Admission and acceptance to Texas State and declaration as a pre-respiratory care concentration student does not guarantee admission to a professional degree program culminating in the awarding of a respiratory care degree. Admission to a respiratory care program is competitive and selective and occurs during the sophomore year (application deadline is May 1 each year).
