The McCoy College of Business Administration Department of Accounting is a student-centered learning community that prepares a diverse student population for professional success, creates and values research and other intellectual contributions, and provides services to the profession, university and community.

Graduates of the McCoy College of Business Department of Accounting programs enjoy careers in public accounting, industry, government, and not-for-profit organization. Our programs instill a committed to lifelong learning and professionalism, and an appreciation for leadership through service.

Degree Program Offered
Bachelor of Business Administration (B.B.A), major in Accounting

The undergraduate accounting curriculum provides a broad education in accounting theory and practice with an appreciation for ethical decision making. Students completing the four-year program (120 credit hours) earn a Bachelor of Business Administration degree with a major in accounting. Career options include positions in corporations, government, and other not-for-profit organizations.

Integrated Program: B.B.A. major in Accounting/Master of Accountancy

Currently, the B.B.A. degree with a major in Accounting alone does not satisfy the educational requirements to take the Uniform CPA Examination in Texas CPA candidates must earn 150 college credit hours. Of the 150 hours, 30 must be upper-division accounting course (including a research course), and another, 24 must be upper-division business courses (including business communication).*

The Department provides the opportunity for B.B.A. students to enter a 30 hour Master of Accountancy (M.Acy.) program which offers graduate level accounting courses that, coupled with the undergraduate degree, currently satisfy the educational requirements to take the CPA exam in Texas. In addition to the career choices available to B.B.A. graduates, M.Acy. graduates are better prepared for career opportunities in public accounting specializing in auditing, tax, or management consulting.

To make the transition from undergraduate to graduate easier, a Texas State Accounting major may apply for admittance to the M.Acy. program once they have completed the following:

- at least 90 credit hours,
- at least 12 upper-level Accounting courses, including
  - ACC 3313 and ACC 3314 with a grade of ‘B’ or better.
  - (Students making an ‘A’ the first time taking ACC 3313 may qualify to enter the program earlier.)

All applicants to the M.Acy. program will provide the following:

- at least two completed reference forms,
- GMAT or GRE score, and
- an essay on the topic indicated in the application materials.

Submission of the GMAT or GRE score and essay may be optional for a Texas State Accounting major who:

1. has earned a 3.2 GPA or higher in the last 60 hours of coursework,
2. has earned a 3.4 GPA or higher in upper-level Accounting courses taken at Texas State and,
3. provides at least two completed reference forms from Texas State faculty.

For more information about graduate program requirements and the admission process, please consult the graduate catalog. To talk with a graduate academic advisor, students should contact the Accounting Department, (512) 245-2566, or go to McCoy Hall 431.

AACSB Accreditation

The McCoy College of Business Accounting programs are accredited in both general business and accounting by the Association to Advance Collegiate Schools of Business (AACSB). AACSB Accreditation is known, worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution and its accounting programs can earn.

*Individuals interested in taking the CPA exam in Texas are encouraged to contact the Texas State Board of Public Accountancy at (512) 305-7800 or at www.tsbpa.state.tx.us (http://www.tsbpa.state.tx.us) to verify the educational requirements to take the CPA exam in Texas.
