The McCoy College of Business Department of Accounting is dedicated to preparing our diverse student population for professional success in an ever-changing global economy. Our faculty make McCoy a primary-choice school for students by providing a rigorous and innovative curriculum that is informed by academic and practitioner research, engagement with the professional community, and meaningful service.

Graduates of the McCoy College of Business Department of Accounting programs enjoy careers in public accounting, industry, government, and not-for-profit organizations. Our programs instill a commitment to lifelong learning and professionalism, and an appreciation for leadership through service.

Degree Programs Offered

Bachelor of Business Administration (B.B.A), major in Accounting

The undergraduate accounting curriculum provides a broad education in accounting theory and practice with an appreciation for ethical decision making. Students completing the four-year program (120 credit hours) earn a Bachelor of Business Administration degree with a major in accounting. Career options include positions in corporations, government, and other not-for-profit organizations.

Integrated Program: B.B.A. major in Accounting/Master of Accountancy

Currently, the B.B.A. degree with a major in Accounting alone does not satisfy the educational requirements to take the Uniform CPA Examination in Texas; CPA candidates must earn 150 college credit hours. Of the 150 hours, 30 must be upper-division accounting courses (including a research course), and another 24 must be upper-division business courses (including business communication).*

The Department provides the opportunity for B.B.A. students to enter a 30 hour Master of Accountancy (M.Acy,) program which offers graduate level accounting courses that, coupled with the undergraduate degree, currently satisfy the educational requirements to take the CPA exam in Texas. In addition to the career choices available to B.B.A. graduates, M.Acy. graduates are better prepared for career opportunities in public accounting specializing in auditing, tax, or management consulting.

To make the transition from undergraduate to graduate easier, a Texas State Accounting major may apply for admittance to the M.Acy. program once they have completed the following:

- 90 credit hours and,
- 12 upper-level Accounting courses, including Financial Accounting and Reporting (ACC 3305), and Intermediate Accounting I (ACC 3313) with a grade of "B" or better.
- (Students making an "A" the first time taking ACC 3313 may qualify to enter the program earlier.)

All applicants to the M.Acy. program must provide the following for consideration:

- two completed reference forms,
- an essay on the topic indicated in the application materials, and,
- an official GMAT/GRE (general test only). The GMAT/GRE is not required for applicants with a last-60-hours GPA of 3.5 or higher. If the last-60-hours falls below the minimum requirements of 3.5, the official GMAT or GRE (general test only) with competitive scores will be required.

Submission of the GMAT or GRE score and essay may be optional for a Texas State Accounting major who:

1. has earned a 3.2 GPA or higher in the last 60 hours of coursework,
2. has earned a 3.0 GPA or higher in upper-level Accounting courses taken at Texas State and,
3. provides at least two completed reference forms from Texas State faculty.

For more information about graduate program requirements and the admission process, please consult the graduate catalog. To talk with a graduate academic advisor, students should contact Laurie.Brown@txstate.edu, the Accounting Department, (512-245-2566), or visit the Department of Accounting in McCoy Hall 431.

AACSB Accreditation

The McCoy College of Business Accounting programs are accredited in both general business and accounting by the Association to Advance Collegiate Schools of Business (AACSB). AACSB Accreditation is known, worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution and its accounting programs can earn.

*Individuals interested in taking the CPA exam in Texas are encouraged to contact the Texas State Board of Public Accountancy at (512) 305-7800 or at https://www.tsbpa.texas.gov to verify the educational requirements to take the CPA exam in Texas.
