BACHELOR OF SCIENCE (B.S.) MAJOR IN BIOCHEMISTRY (PRE-MEDICAL CONCENTRATION)

Minimum required: 121 semester credit hours

General Requirements

1. The general education core curriculum courses are listed in the degree plan below along with the statewide component code number. See the General Education Core Curriculum (http://mycatalog.txstate.edu/undergraduate/general-education-core-curriculum) section of this catalog for the Texas State requirements and options in the core curriculum, including Honors courses.

2. Majors must complete a minimum of 36 advanced hours (3000 or 4000 level courses).

3. Majors must select a minor from the approved list of Undergraduate Minors (http://www.mycatalog.txstate.edu/undergraduate/minors). The minor in Biology is recommended and included in the following degree plan. BIO 3421 is required and counts as elective credit towards a Biology minor. Minor and electives should be chosen in consultation with the academic advisor.

4. The minimum number of hours required for this degree program is 121. The number of elective hours a student will complete depends on the number of hours a student may need to achieve the required 121 total or 36 advanced hours.

5. Nine semester credit hours must be writing intensive (WI).

6. If two years of the same foreign language were taken in high school, then no additional language hours will be required. In the absence of such high school language, two semesters of the same modern language must be taken at the college level.
