

# UNIVERSITY COLLEGE

---

## Dean

Daniel A. Brown, Ph.D.  
 Telephone: 512-245-3579 Fax: 512-245-8765  
 Undergraduate Academic Center Room 149  
[www.txstate.edu/ucollege](http://www.txstate.edu/ucollege) (<http://www.txstate.edu/ucollege>)

## Associate Dean

Michael E. Nava, Ph.D.

## Associate Dean

Kambra K. Bolch, J.D.

## Program Directors

Athletic Academic Center—Lauren M. Hindson, M.S.  
 CHAMPS Life Skills—John Anderson M.Ed.  
 Comm Experience—Twister Marquiss, M.F.A.  
 General Studies—Jeremy S. Roethler, Ph.D.  
 HSI STEM IMPACT—Sylvia Gonzales, M.Ed.  
 National Student Exchange—Lisa Chrans, M.A.  
 Minority Male Initiative—Keylan G. Morgan, M.Ed.  
 PACE Academic Coaching—April S. Barnes, M.Ed.  
 PACE Advising Services—Reymundo "Rey" Ramos, M.A.  
 PACE Center—Daniel A. Brown, Ph.D.  
 PACE Peer Mentoring Services—Victoria Black, M.Ed.  
 University College Advising Center—Amelia I. Beck, M.A.  
 University Seminar—Kambra K. Bolch, J.D.

## Academic Advising Centers

### PACE Center

Undergraduate Academic Center Room 120  
 Telephone: 512-245-7223 Fax: 512-245-8765  
<http://pace.txstate.edu/>

### University College Advising Center

Undergraduate Academic Center Room 120  
 Telephone: 512-245-2218 Fax: 512-245-8765  
[www.ucollege.txstate.edu/advising/](http://www.ucollege.txstate.edu/advising/) (<http://www.ucollege.txstate.edu/advising/>)

University College houses two academic advising centers, the PACE Center and University College Advising Center (UCAC). The PACE Center serves first-time-in-college students with fewer than 16 college credit hours completed after high school graduation, and UCAC serves Exploratory, Exploratory Professional, and Bachelor of General Studies majors.

At Texas State students begin their educational journey at the PACE Center—the University's commitment to Personalized Academic and Career Exploration. It reflects a philosophy of enhancing student achievement within and outside the classroom through five student-centered programs:

1. Academic Coaching - helps students to take an active approach to learning and self-advocacy by utilizing intentional methods and developing essential critical and academic skills to improve overall success.
2. Academic Advising - helps students select the right classes, build a class schedule customized to meet their personal and academic needs, and develop a plan for educational success focused on graduation.

3. Career Counseling - helps students clarify career interests and develop the resume needed to successfully transition to the professional world.
4. Mentoring - helps students become engaged in their major and connect to mentors and peers, and develop networking skills essential to career success.
5. University Seminar (US 1100) - this required course helps students transition to Texas State by leading them in discovering campus support networks, offering opportunities to make new friends, and providing mentoring from one of the University's exceptional faculty.

University College Advising Center provides academic advising for students who are undecided about a major, those who are changing majors, those who are working toward admission into a particular program, and those majoring in General Studies. Advisors will assist students in researching options, evaluating alternatives, and making decisions so that they may make realistic and satisfying choices of majors. They will also provide guidance in completing general education requirements. The advising goal is to provide accessible, friendly, an accurate advising.

University College Advising Center and PACE Center are located on the first floor of the Undergraduate Academic Center and is open between 8:00 a.m. and 5:00 p.m., Monday through Friday. Services include one-on-one appointments, advising sessions before and during registration, and probation advising sessions.

## Bachelor of General Studies

The Bachelor of General Studies (B.G.S.) provides an individualized, interdisciplinary degree that allows students with a broad range of academic interests to achieve personal educational goals. The program helps each student who enters develop a unique career or academic goal that is matched by three Texas State minors. Those best suited for the B.G.S. (1) have a clear interest that overlaps the boundaries or blends the disciplinary areas of other academic majors available at Texas State; (2) have invested in a traditional degree program but wish to redirect their career or academic goals while building on some of the courses already completed; or (3) have difficulty choosing an existing major and are willing to assemble three minors based on organized career research and preparation.

The B.G.S. includes GNST 3350 – Interdisciplinary Preparation, a course that helps students learn how to assess their talents, match them with potential careers, and maximize or choose three Texas State minors to best prepare them for the requirements of the career. Then they practice interviewing and preparing resumes, cover letters, etc., and discover how to market themselves. Following completion of most of the courses in the three B.G.S. minors, the capstone B.G.S. course (GNST 4350 – Interdisciplinary Project) challenges students to make use of their education in tailoring a research-based project that innovatively contributes to the career or academic goal, incorporates all three minors, and gives them good supporting material to use in job interviews and graduate and professional school applications.

Information about admission into the B.G.S. is available at [www.txstate.edu/ucollege/bgs/](http://www.txstate.edu/ucollege/bgs/) (<http://www.txstate.edu/ucollege/bgs.html>)

As with any major, it is important to check with a University College advisor on a regular basis to ensure that progress is being made in meeting B.G.S. program requirements.

The following B.G.S. policies are particularly important to note:

- In order to be advised for the B.G.S. program, register for GNST 3350 or GNST 4350, or enter the B.G.S. program, students must be in good academic standing at Texas State University. Those who are not in good academic standing and/or have questions about potential majors may make an appointment with University College Exploratory advisors.
- Only B.G.S. majors may register for GNST 3350 and GNST 4350 and both courses must be successfully completed at Texas State in order to be applied to the B.G.S. degree. (Under some circumstances, students with Honors minors may be allowed to substitute HON 4390B-Honors Thesis if the topic meets the requirements of GNST 4350.)
- Successful completion (C or higher) of GNST 3350 is required before taking GNST 4350. These courses may not be taken concurrently. Both courses are offered each semester, including summer. They are not available online.
- Each B.G.S. minor requires at least 12 advanced hours, so B.G.S. minors may differ from the minors offered by the departments in that regard.
- Certain minor combinations may not be allowed if the coursework or content is duplicative. A course may be counted toward more than one minor only if it is specifically required by those minors. Once minors are matched with the career choice, they may not be changed without consultation with and approval of B.G.S. faculty.
- Both GNST 3350 and GNST 4350 as well as all courses that are part of the three B.G.S. minors must be completed with a grade of C or higher. In addition to a minimum Texas State GPA of 2.0, graduation with a B.G.S. degree requires a GPA of 2.25 in each B.G.S. minor.

## Writing Intensive

Certain Texas State courses are designated as “writing intensive” and are labeled as (WI) in this catalog and the schedule of classes. In order to achieve this status, at least 65% of the course grade must be based on written assignments and a minimum of one extended piece of writing must be required. Academic colleges require a minimum of 9 credit hours of these courses for graduation. In addition to certain major and elective courses, the two history and two philosophy courses included in the general education core curriculum are writing intensive. These courses as well as other courses appropriate for writing intensive credit must be taken at Texas State. The University College Associate Dean manages Writing Intensive Courses.

## Transfer Students

Students transferring from other institutions of higher education will have their transcripts initially evaluated by the Undergraduate Admissions Office to determine which courses will apply to Texas State requirements. Under the provisions of the Texas general education core curriculum, Texas State must accept courses that fulfill the core curriculum at other Texas public institutions (indicated by a 3-digit code on the transcript), and may not accept other courses unless they are equivalent to the required Texas State course. Students seeking more specific evaluation of courses from out-of-state or private institutions for fulfillment of general education core curriculum components may contact University College to initiate the process. Students should be prepared to provide documentation such as catalog descriptions, course syllabi and textbook information to facilitate verification of course content.

## National Student Exchange

The National Student Exchange (NSE) is a University College program that offers Texas State students a unique opportunity to expand their educational horizons by enrolling at a participating university for one or two semesters while paying an in-state resident tuition rate. Students can benefit from the NSE program by accessing different courses, internships, career options, and exploring graduate schools at over 200 colleges and universities in the United States, U.S. territories (including Guam, Puerto Rico, and the U.S. Virgin Islands) and Canada.

Credits earned at these host institutions can be transferred back to Texas State, allowing students to maintain progress toward their academic objectives. For the privilege of NSE participation, Texas State students enjoy in-state tuition and fees at their host institution on Plan A payment status, or 15 hours of coursework at Texas State in-state rates on Plan B payment.

Applications for the NSE program are due in February for fall and spring exchanges. Requirements of the program include a 2.5 cumulative GPA, completed application and a \$185 application fee. For more information about the National Student Exchange, contact University College or refer to the Texas State-NSE web site at [www.txstate.edu/ucollege/programs/nse.html](http://www.txstate.edu/ucollege/programs/nse.html) (<http://www.txstate.edu/ucollege/programs/nse.html>).

## Bachelor of General Studies (B.G.S.)

- Major in General Studies (<http://mycatalog.txstate.edu/undergraduate/university-college/general-studies-bgs>)

## Courses in General Studies (GNST)

### GNST 3150. Career and Major Exploration.

Students unsure about career choice will determine interests and abilities linked to appropriate careers and the Bachelor of General Studies (BGS) or other majors. Varied group and individual projects will be guided by instructional teams from the PACE Center and/or Career Services. Required for some BGS major options. Prerequisite: Instructor permission

**1 Credit Hour. 1 Lecture Contact Hour. 1 Lab Contact Hour.**

**Course Attribute(s):** Exclude from 3-peat Processing

**Grade Mode:** Standard Letter

### GNST 3350. Interdisciplinary Preparation.

This course includes assignments designed to encourage self-analysis of career interests and planning, and selection of component minors for BGS majors. Students will develop a degree plan matched to their career interests and/or their initial proposal for the GNST 4350 project. Successful completion requires a grade of C or higher. Prerequisite: Declaration of the BGS major, Texas State GPA 2.0 or better, instructor permission

**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**

**Course Attribute(s):** Exclude from 3-peat Processing

**Grade Mode:** Standard Letter

**GNST 4350. Interdisciplinary Project.**

In this course students will complete an applied, interdisciplinary project incorporating all BGS component minors. The Project will consist of research, interviews, literature reviews, graphic support and other information gathering, presentation and analysis resulting in a written product targeted at the student's chosen area. Prerequisite: GNST 3350 with a grade of "C" or higher, Texas State GPA 2.0 or better, and instructor permission

**3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.**

**Course Attribute(s):** Exclude from 3-peat Processing|Writing Intensive

**Grade Mode:** Standard Letter
