Degree Requirements
The Master of Accountancy (M.Acy.) degree with a major in Accounting concentration in Auditing requires 30 semester credit hours. Students must complete a comprehensive examination at the end of the program to satisfy university requirements. Students who do not have the appropriate background course work may be required to complete leveling or prerequisite courses.

Any student enrolled in a graduate degree program in the McCoy College of Business Administration can earn no more than two grades of "C" or lower. Even if the grade of "C" or lower was replaced with a higher grade as a result of repeating the course, the original grade counts as a "strike" under this policy. Upon earning the third "C" (or lower), the student is automatically placed on academic suspension and
permanently dismissed from their degree program without any possibility of readmission to their program or another degree program in McCoy College. The 3 “C” Policy takes precedent over probationary status. So, if a student earns a third “C” they are automatically dismissed from their program permanently; even if probation does not occur.

### Courses for CPA Eligibility

All graduates will have the 27 upper-level accounting hours and ethics course required become a licensed CPA in Texas; however, graduates may still need 24 hours of related business course work. To be eligible to sit for the CPA exam in Texas, the candidate must have 24 hours of upper level business courses. The 24 hours may be completed at a community college or university, at the undergraduate or graduate level. There is a limit of 6 hours in any one area (i.e., management, economics, business law, etc.). Additionally, business statistics and communication may be used to meet this requirement. For further information, please consult with the Texas State Board of Public Accountancy http://www.tsbpa.state.tx.us/.
**Comprehensive Examination Requirement**

The MAcy program requires satisfactory completion of a comprehensive portfolio that documents abilities acquired during the program. These abilities include: analytical and critical thinking skills to apply accounting knowledge; use of information technology; data analytics, and other analytical methods to evaluate accounting issues, form judgments, and communicate; and conceptualizing a complex issue into a coherent, informative, and persuasive written or oral statement. The portfolio is evaluated in its entirety and no partial credit is given. Detailed instructions and requirements for completing the portfolio are available on the MAcy Canvas site. Students who do not successfully complete the portfolio within the required timeline will be dismissed from the program.
