Special Requirements

Students majoring in the B.F.A. Studio Art or B.F.A. Photography programs are required to participate in Portfolio, Practice and Exhibition (ARTS 4200) and the Senior Art Exhibition (ARTS 4000) within the academic year they plan to graduate. Students majoring in the B.F.A. Studio Art (Teacher Certification in Art, Early Childhood through Grade Twelve) program are required to meet teacher certification requirements. Refer to the Office of Educator Preparation (OEP). All students majoring in B.F.A. Communication Design program are required to meet the program's admission requirements (<http://mycatalog.txstate.edu/undergraduate/fine-arts-communication/art-design/communication-design-bfa/>). These students are also required to participate in Senior Portfolio Presentation and Self-Promotion (ARTC 4315) and Senior Show and Review (ARTC 4200) within the academic year they plan to graduate. All students majoring in the B.A. Art History program are required to complete a theories and methods course (ARTH 4323).

School of Art and Design Program Standards

Students enrolled in the School of Art and Design B.A., B.F.A., or M.F.A. programs must maintain high scholastic standards and develop a

mastery of the knowledge and methods of their respective discipline. Students accepted into Art and Design programs are required to conform to and follow the University's Student Code of Conduct, and to meet program standards within the School of Art and Design in order to remain in their program. The administration and faculty of the School of Art and Design are responsible for verifying that only those students who continue to meet program standards are allowed to continue in any program.

Evaluation of Student Fitness and Performance

Members of the faculty continuously evaluate student performance and progress within Art and Design programs. The criteria used by the faculty to make judgments include instructors' observations of student performance in class and in activities related to courses. Students who are not making satisfactory progress or who are not meeting program standards are encouraged to seek mentorship, and may consider withdrawing from the program.

Disciplinary matters are referred to the Dean of Students.

Student Review Process

1. When a faculty member believes that a student is not making satisfactory progress or meeting program standards, they will discuss the situation with the student.
2. When the faculty member believes that the student's performance cannot improve to acceptable standards, the faculty member will refer the student to the School of Art and Design Standards Committee. The Committee consists of three Art and Design faculty members appointed by the Director in consultation with the School's Area Program Coordinators.
3. The Committee will notify the student of the reasons that he or she is not making satisfactory progress or meeting program standards. The student will be given an opportunity to meet with the Committee to respond and to present information and witnesses to the Committee. The Committee will also meet with the faculty member who referred the student.
4. After considering the matter, and within ten working days of meeting with the student, the Committee will report its decision to the student and the school Director, stating that the student should either remain in the program, or leave the program. The Committee may make other decisions, such as placing restrictions or conditions on the student's continuance in the program. Within ten working days of receiving the Committee's decision, the student will notify the school Director of the student's acceptance or rejection of the Committee's decision. If the student rejects the Committee's decision, he or she may appeal directly to the school Director.
5. Within ten working days of receiving the student's appeal, the Director will decide as to the student's continued presence in the program. Before making the decision, the Director will meet with the student. However, before deciding, the Director need not meet with the student if the student was given a reasonable opportunity to meet and either failed or refused to meet. The Director will notify the student of the decision.
6. If the student is dissatisfied with the Director's decision, he or she may appeal to the Dean of The College of Fine Arts and Communications. However, in order for the Dean to consider an appeal, the student must submit a written notice of appeal to the Director and the Dean within ten working days of receiving the Director's decision. The Dean will consider the matter based on information compiled by the Director and notify the student of the decision within ten working days of the Dean's receipt of the appeal.

from the Director. The Dean may meet with the student and give the student an opportunity to address the issues. The Dean's decision is final.
